

STONEHEDGE WINERY  
TERRIOR SELECT  
2005 Napa Valley  
Sauvignon Blanc-Semillion

**The Vineyards and Winemaking:**

The grapes for this wine are from the Napa Valley, one of the most famous and best places to grow these two varieties in the world.

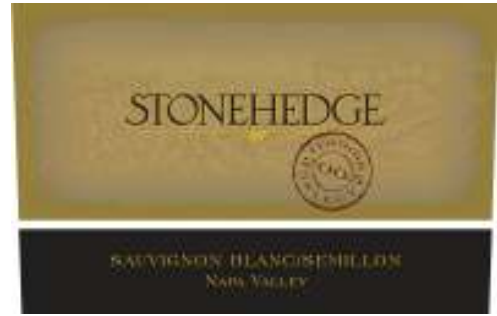

**Growing season:**

The 2005 vintage started with a late bloom and late season rains. Summer had warm temperatures, with no heat waves, and the vines thrived. Fall came with an Indian Summer, and what turned out to be the largest crop ever in California, even with growers thinning fruit to avoid a large crop. Even with the large crop, fruit quality was the best in several years.

**Tasting notes:**

The 2005 Sauvignon Blanc - Semillion blend has melon, fig and slightly grassy aromas. The flavors follow the aromas, with a hint of vanilla oak in the mid palate. The Sauvignon Blanc brought the fruit characters, and the Semillion brought crispness and complexity to the flavors.

This blend is well know for having great longevity.

Harvest Date:

Sauvignon Blanc      Sept. 5, 2005

Semillion              Aug. 30, 2005

Alcohol:              13.5%

pH:                      3.41
